## Little Motions

Our Kinder and Toddler programs are designed with a focus on physical and mental development in a fun and interactive environment. The programs are specially designed for toddlers and preschoolers, offering activities focusing on auditory, visual, and kinaesthetic learning that support physical and cognitive development.

Our programs encourage the kids to get active, challenge the environment, and engage in creativity in movement and navigating obstacles. The kids build confidence, resilience, and self-esteem through movement and exploration, providing a foundation for the future. We work together with childcare professionals in a variety of fields to ensure our programs are suited for the age groups and cover developmental needs for our kids in today's environment.

The program is developed for kids between the ages of 18 months (must be able to run) and 5 years. Parents/guardians are encouraged to participate in the classes. The squirrels and monkey classes are progressive from one to the other, providing the opportunity for families to join 1 class with kids in both age groups. The coaches will be able to guide the parents/guardians on the progress of the skills. The Dynamo Pandas is a program developed for the little ones that is adventurous, fast moving, high-energy, and inspired by ninja/parkour programs. The class will help the kids navigate obstacles and run a timed

## Fun In Motion

Looking for a fun, active, and engaging way for your child to get moving? Our recreational classes are the perfect place to start their journey! At Springloaded, we are dedicated to offering your child a fun and inclusive program, no matter their age and ability, creating an environment for your child to test their body's limitations in a safe and supportive way.

Our recreational programs are designed with a focus on both physical and mental development, all while providing a fun and interactive environment. Our programs include activities that engage auditory, visual, and kinaesthetic learning to support your child's physical and cognitive growth.

Classes are booked according to school stages to ensure children with the same mindset and maturity are grouped.

**We run classes for each group every day, Monday to Friday, from  
3:45 – 4:45 and Monday and Wednesday 4:45 – 5:45**

## Gym Champs

***This program requires previous competitive gymnastics experience!***

The Gym Champs program is designed for the more serious artistic gymnasts who wish to participate at a competitive level. This program will be on an invitation-only basis, and the prerequisite will be a skill level of at least ALP level 3. This program will follow a formal training schedule, and gymnasts will be required to attend all the class sessions.

At Springloaded, we follow a top-down, progressive levels program, providing solid foundations and skill development that will enable them to build confidence and trust in their own abilities. We will provide a competitive platform and will also enjoy the fun side of competing joining in with the Australian Gymnastics Competition programs.

The leagues are set up like with skill and composition requirements, with no set routines. Each gymnast or club can create their own routines and use their music on all events.

Gymnasts are required to attend all training sessions and will be given the option to attend competitions. It is advisable to attend at least 1 morning training session as well (Awakened Motion)

**Level 1 and 2: Please register under the Gym Gems Sapphires**

**Level 3 and 4: Tuesday and Thursday 4:45 – 6:45 (This time will potentially be extended to 7:45)**

**Level 5 and up: Monday 4:45-6:45  
Tuesday and Thursday 4:45-7:45**

## Gym Gems

At Springloaded Coffs Coast, we offer the opportunity to develop gymnastics skills in a recreational, fun, and inclusive environment. The kids get to build their skills on the set gymnastics apparatus within a progressive levels program. The programs follow the Future Leagues program designed by Recreational Gymnastics Australia. The program promotes the opportunity to participate in a fun, positive, individual and team-based competitive program, that is enjoyable for all, but allows the gymnasts to see growth and progression. The program starts at a beginner level (FL1) with the focus on basic skills and an understanding of the gymnastics movement patterns and progresses to a high level FL6, which allows the gymnasts to learn more difficult skills and advance tumbling passes.

The aim is to provide an environment where gymnasts can compete or train in a fun and inviting program that transitions from an entry level to higher levels of skill difficulty without the pressure of a typical competitive environment. The participants do not need to attend a competition to progress through the levels, as it is based on each participant's progression. The Future League program also offers the opportunity to transition into the Australian Gymnastics Competition and/or Gymnastics Australia pathways. The competition events maintain a high level of energy and fun, where sportsmanship between clubs and teammates is encouraged

**Minimum age is 6yr**
